

# How To Create A Monogram Cypher By Andrew Biggs

Step one: Draw shape that monogram is to fit into.

GRS

Step two: Use Times New Roman font or whatever font suits your purpose.

Step three: Place letters in shape and stretch/compact to get the placement of letters where you want them. This is for a guide only

Step four: Print out and place tracing paper over the top and start drawing the monogram adding embellishments as you go.

Step five: Finished drawing for customer, transfer or freehand onto the work..

Step six: Engrave.
